

enriching teaching **unlocking learning**

**ACTIVpanelpro**

## The freedom to use interactive technology when teaching to large audiences

Specifically designed for use in large class rooms and lecture theatres where an interactive whiteboard is too small for everyone to see, the ACTIVpanelpro allows you to effectively teach to larger groups.

The ACTIVpanelpro comprises of a 15" LCD display, cordless battery-free pen and ACTIVstudio presentation software. When used with a suitable projector, the image size is virtually unrestricted which is why it is a perfect solution for use with large audiences.

The ACTIVpanelpro provides you with all the interactivity of a Promethean Interactive Whiteboard with the additional advantage of its portability making it perfect for sharing between rooms, or for teachers and lecturers that often teach in several different educational establishments.

By connecting the ACTIVpanelpro to your PC and suitable digital projector, the image from your PC appears on the ACTIVpanelpro whilst also being displayed on a projection screen behind you. You can control the PC by using the pen directly on the ACTIVpanel's screen without ever having to turn away from your audience.

Using the ACTIVpanelpro to teach in a new and stimulating way helps increase knowledge retention and therefore student achievement.

Using the ACTIVpanelpro in conjunction with our interactive software enables you to fully interact with your teaching material, write additional notes, highlight key points and use powerful attention focussing tools to enrich teaching and learning sessions with larger audiences.

## About Promethean

Promethean is dedicated to making a difference to our children's education. With over 450,000 school children in over 45 countries being taught using Promethean Collaborative Classroom solutions, we constantly strive to be at the forefront of research and development.

Promethean employees pride themselves on listening to the needs

of teachers and learners in order to provide the highest quality educational solutions available. Key to our success is that we understand that your requirements go far beyond the products themselves. We aim to build partnerships with our customers, offering free demonstrations of new products, training, and a dedicated customer support team.

## ACTIVpanelpro

### Specifications

System requirements	Windows 98, 2000, ME, XP
	Pentium II 233 MHz processor (or equivalent), 64 MB RAM
	Two free USB ports, standard VGA port
	SVGA high colour graphics card (for optimum performance of ACTIVstudio)
	Microsoft Internet Explorer or Netscape Navigator v4 or greater (to view ACTIVstudio Help files)
	CD ROM drive

### Specifications

Power supply voltage	AC 100-240 V & 50Hz/60Hz
Overall dimensions	400 x 340 x 109.3mm (W x D x H)
Data port	USB
Stand integrated	removable feet with 18" inclination
Optional	external, adjustable stand
Certification	CE, FCC
Weight	4.9kg

### LCD monitor

Type	a-Si TFT active matrix LCD
Screen size	15" display area 304 x 228mm
Resolution	XGA (1024 x 768 pixels)
Brightness (cd/m <sup>2</sup> )	230 (typ)
Contrast ratio	350:1
Backlight life (hours)	30,000 400:1

### Tablet

Technology	Electromagnetic resonance method
Active area	304 x 228mm
Resolution	20 lines per mm (0.05mm) - 508 lines per inch
Coordinate accuracy	+/- 1 pixel

### Pen

Type	pressure-sensitive, cordless, no battery
Switches	Tip switch, 2 side switches and eraser
Weight	16g
Warranty	2 year return to base
